BUILD YOUR OWN FIXTURES + ACCESSORIES

Create your own unique displays to fit your merchandising needs.

Do you need something custom to fit your unique retail merchandising needs? Look no further!

Follow the steps below to create your own unique fixture.

If you have any questions, feel free to reach out to us at: orders@spectas.global or give us a call at **423-892-3720 ext.1**. Our team would be happy to help you create your custom display.

*All pricing is without freight cost included.

Example Fixtures

STEP 1: SELECT FRAMES

The frame is the core structure of your display, select a display frame that fits the height and width of your available space.

Frame depth will be determined by the depth of shelves which you select later. All of our frames come 2-per-pack.

Featured above: **54-24M**

STEP 2: SELECT FRAME FEET

Next, you will want to select frame feet that are the appropriate size for your frame dimensions. You can select between frame end angle legs or frame feet with casters or levelers.

All of our feet come 2 pair per pack.

Featured above from left to right: **CF-17M, EL-54M, and F-19M**

INDEX

STEP 3: SELECT SHELVES

All of our shelves come in a pack of five. The depth of your custom display is determined by the depth of the shelves you select. Remember to select shelving appropriate for the frame and frame feet you have already selected.

Our FS Shelves are open on both ends. We also have a selection of tiered and dip shelving available. Be mindful of the placement of your display when making your selections.

Featured above from left to right: **EA-1924, FS-1924, and 2T-36M (top) 1224-DS (middle) FS-1224 (bottom 3)**

STEP 4: SELECT ACCESSORIES (OPTIONAL)

Now that you have all the necessary components to create your display, be sure to select any accessories to complete your display. Some accessories allow you to combine frames, creating a endless possibilities for your fixture.

If you have any questions, feel free to reach out to us at:

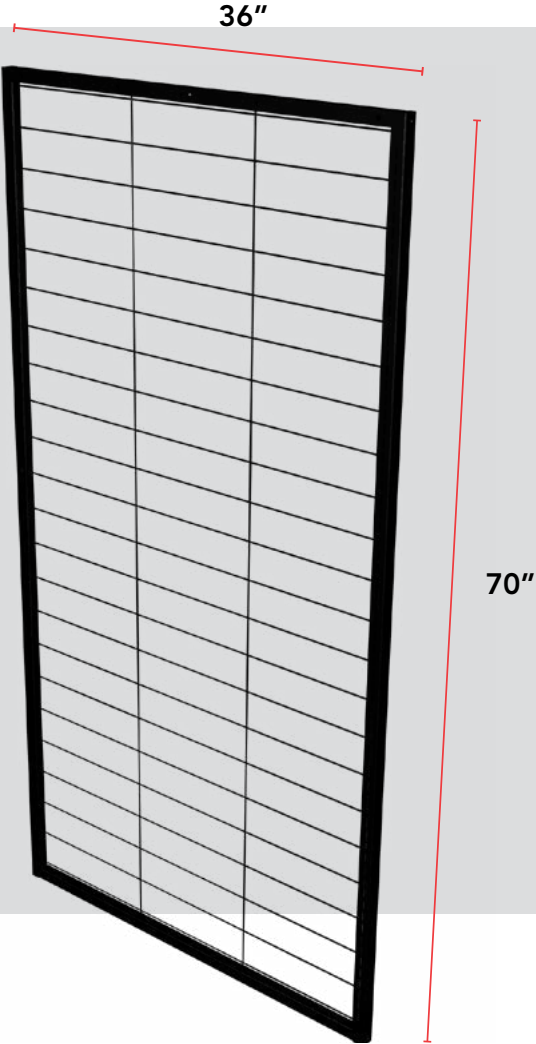

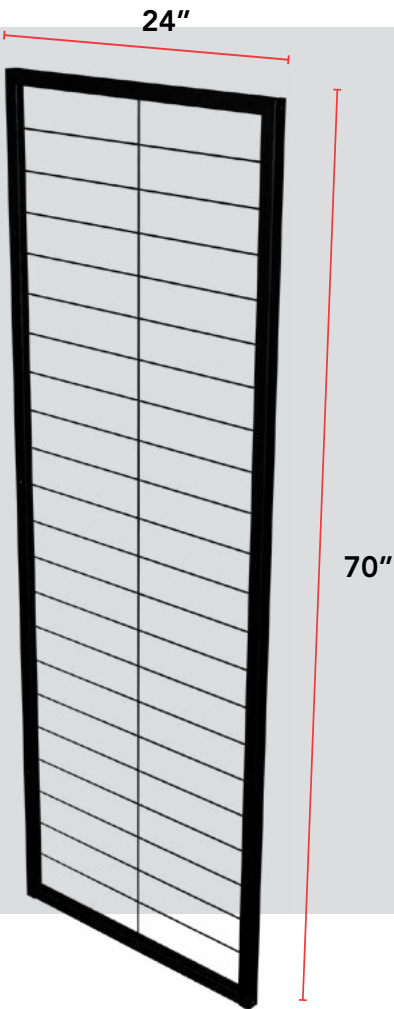

orders@spectas.global or give us a call at **423-892-3720 ext.1.**

Here are examples of items you might need:

SPECIAL INSTRUCTIONS _____

All quotations and sales, and the rights of the parties, are subject to and governed exclusively by the following terms and conditions and those contained on the face hereof. Quotations and sales of custom items are also subject to additional terms and conditions.

[INDEX](#)

1. ORDERS. Minimum order (per destination) - \$50.00. All quantities ordered to be Seller's standard pack.

2. TERMS OF PAYMENT. For Buyers that have not established credit with Seller, terms are cash-in-advance. For Buyers that have established credit with Seller terms are net cash within 30 days of invoice date unless otherwise stated in writing from Seller.

3. TAXES. Prices on the products specified herein are exclusive of all federal, state and local sales, use, privilege and excise taxes. Seller may add such taxes to the invoice as a separate charge to be paid, together with interest and penalty, by Buyer upon receipt of the invoice.

4. QUOTATIONS AND PRICES. Quoted prices are subject to change without notice. Orders calling for future shipment will be billed at the price in effect at the time order is received but is subject to adjustment based upon any tariffs imposed by the U.S. Government. Written quotations expire 5 days from the date issued and are subject to earlier termination by notice.

5. CANCELLATION. An order, once placed with and accepted by Seller, can be canceled only with Seller's written consent and upon terms that will indemnify Seller against loss.

6. PALLET CHARGES. All orders palletized for shipment will be subject to a pallet charge based upon the number of pallets required for the shipment.

7. DROP SHIPMENT CHARGES. Drop shipment charges are not imposed on stock items shipped in Seller's standard pack when at least \$50 of goods are shipped to each destination.

8. DELIVERY. All shipments are F.O.B. at Seller's place of shipment. Unless Buyer specifies the mode and hires carrier, Seller will hire the carrier and select the route of shipment. Seller will not be liable for damage or loss arising from such hiring and selection. Buyer must pay all freight and delivery charges, whether the carrier is hired by Seller or Buyer. If any of the goods called for on the bill of lading or other shipping document are short or damaged, it is Buyer's responsibility to pursue such claim and any other claim with the carrier. Seller will cooperate with Buyer in pursuing claims against carriers.

9. DELAYS. Seller assumes no responsibility for failure to ship on particular dates. Seller will not be liable for any delay in the performance of orders or contracts, or in the delivery or shipment of goods, or for damage suffered by Buyer when one of the

principal reasons for the delay is an event or condition beyond Seller's reasonable control. (Examples are weather, embargoes, strikes, labor difficulties or shortage of labor, fuel, power, materials or supplies.)

10. WARRANTY, LIMITATIONS. SELLER MAKES NO EXPRESS OR IMPLIED REPRESENTATIONS OR WARRANTIES. THIS DISCLAIMER INCLUDES, WITHOUT LIMITATION, WARRANTIES AS TO QUALITY, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND CORRESPONDENCE WITH DESCRIPTION OR SAMPLE. Claims against Seller for defective merchandise, shortage or any other cause will be deemed waived and released by Buyer, unless made in writing to Seller within 10 days after receipt of the merchandise. SELLER WILL NOT BE LIABLE FOR CONSEQUENTIAL OR OTHER DAMAGE OR LOSS ARISING FROM THE POSSESSION OR USE OF SELLER'S PRODUCTS.

11. RETURNED GOODS. Buyer cannot return goods to Seller without Seller's prior written authorization and instructions, which must be requested in writing by Buyer within 14 days after receipt of the goods. All authorized returned goods are subject to Seller's inspection. Credit for undamaged, authorized returned goods will be issued at the price paid, less the return freight charges plus 15% for handling.

12. SELLER'S RIGHTS AND REMEDIES. Seller, for credit reasons or due to Buyer's default, can withhold shipments, recall goods in transit, retake goods, and repossess goods that are stored with Seller for Buyer's account, without the necessity of any legal proceeding. Goods recalled, retaken or repossessed will be the absolute property of Seller. Buyer will be given credit for those goods. This does not limit Seller's rights and remedies under applicable law. If Buyer defaults, Buyer will be liable to Seller for all such fees and expenses incurred by Seller, including attorneys' fees and expenses.

13. INDEMNIFICATION. Buyer will indemnify, defend and hold Seller, its directors, officers, employees, agents, representatives and insurers harmless from all damage and/or loss claimed to result from improper assembly of Seller's product, use of Seller's product for purposes other than for which it was designed and/or use of Seller's product in violation of any applicable law or regulation.

14. CONTROLLING PROVISIONS. These terms and conditions supersede the provisions of any confirmation order or other writing or oral communication that Buyer may give or receive. The parties will be governed exclusively by these terms and conditions which will be interpreted and enforced under the laws of the State of Tennessee. These terms and conditions cannot be changed or modified without the prior written consent of Seller.

15. CAPTIONS. Captions are provided for convenience of reference only and will not limit or otherwise affect the interpretation of these terms and conditions.

All custom and non-stock order quotations and sales are subject to the following custom order terms and conditions, Seller's general terms and conditions and those on the face of Seller's quotations and invoices:

[INDEX](#)

1. TOOLING CHARGES.

Where special tooling is required for the production of a specially designed or non-stock unit, tooling costs will be quoted and invoiced as a separate item unless agreed to otherwise by both parties prior to fabrication of tooling. Tooling cost is a one-time charge, and no additional charges will be made except where modifications are required by Buyer. All such special items will be the sole property of Seller and will remain in Seller's possession. If 12 months elapse after the latest receipt of an order from Buyer requiring the use of the special items, Seller may dispose of the items without notice or accounting to Buyer. Buyer must pay all federal, state and local sales, use, privilege and excise taxes on special tooling.

2. COMPLIANCE.

Orders will be considered complete upon shipment of a reasonable quantity over or under the amount specified in the order when it is impractical to produce the exact quantity ordered. Normal tolerances in specifications will be acceptable.

3. INVOICING AND WAREHOUSING.

Custom and non-stock goods will be invoiced when produced, whether the goods are shipped or warehoused. If partial shipments are made prior to completion of the total order, the quantities shipped will be invoiced at the time of shipment. Seller will warehouse goods invoiced but unshipped for a period of 60 days from the date of invoice without charge. Warehouse charges will begin to accrue 61 days after completion of production of the order at the rate of three percent (3%) of the invoice value of the warehoused goods per 30-day period. Seller will not be obligated to warehouse goods for more than 120 days. Warehouse charges will be invoiced on the first day of each 30-day period and will be deemed fully earned when invoiced. Buyer must pay all federal, state and local sales, use, privilege and excise taxes on warehouse charges.

4. DROP SHIPMENT CHARGES.

Drop shipment charges are not imposed on custom or non-stock items when at least 20 cases are shipped to each destination.

5. INFRINGEMENT.

If goods are manufactured or sold by Seller to Buyer's specifications or requirements, Buyer will indemnify Seller and its directors, officers, employees, agents and representatives against all suits at law or in equity and from all damages, claims and demands for alleged Infringement of any United States or foreign patent or trademark and defend actions brought for alleged infringement related to the manufacture or sale of the goods.

A percentage of purchases rebate will be made available at the end of the Spectas fiscal year (Spectas fiscal year ends last day in October; new year begins following first day of November) based on certain Spectas fiscal year dollar volumes of purchases and provided the following requirements are fulfilled:

INDEX

- 1. Purchases will be defined as Spectas catalog products invoiced within the Spectas fiscal year and per Spectas accounting records.
- 2. No rebate will be made on freight charges or taxes.
- 3. No rebate will be made on custom displays unless otherwise specified in writing from Spectas.
- 4. Rebate calculations will be made on gross purchase volume dollars, less returns and allowances, unless otherwise specified.
- 5. Terms are net cash within 30 days unless otherwise stated. Any cash discounts for prompt payment according to Spectas terms will not be considered in calculating rebate.
- 6. All shipments are F.O.B. Spectas dock, Chattanooga, Tennessee.
- 7. Payment of volume rebate will be made by Credit Memorandum or Check(s) approximately February 15 of the year following the close of Spectas fiscal year.
- 8. All regular catalog (stock) items and/or specially made equipment will be included in computation of total purchase volume and purchase volume rebate unless otherwise agreed to by both parties in writing.
- 9. Any past due invoices or unearned discounts pending from Spectas prior fiscal year will be deducted from volume rebate at time of issuance. If for any reason there is inventory at Spectas of custom made equipment, which has been made for customer but not invoiced to customer, the value at invoice price of this custom made inventory will be deducted from the volume rebate.
- 10. Volume rebate is explained in the following chart:

If total purchases during Spectas fiscal year are below \$20,000 or if total purchased, after excluded items are deducted, is below \$20,000, there will be no rebate. The volume rebate calculated from the above chart is cumulative; i.e., for the first \$80,000 of sales, the rebate would be \$1,200 plus 3% of amount over \$80,000 but less than \$250,000. See the following examples:

PURCHASES SMP FISCAL YEAR		MAX DOLLARS FOR COMPUTATION	% OF REBATE	MAX REBATE
UNDER	OVER			
\$80,000	\$20,000	\$60,000	2.0%	\$1,200
\$250,000	—	\$170,000	3.0%	\$5,100
\$500,000	—	\$250,000	3.5%	\$8,750
\$750,000	\$750,000	\$250,000	4.0%	\$10,000
\$1,000,000	\$1,000,000	\$250,000	4.5%	\$11,250

	ABC CO.	XYZ CO.	
TOTAL PURCHASES SPECTAS FISCAL YEAR	\$56,000	\$245,000	
RETURNS AND ALLOWANCES	NONE	(\$5,000)	
EXCLUDED ITEMS	\$56,000	\$240,000	
MINIMUM SALES	NONE	NONE	
CALCULATIONS	\$56,000	\$240,000	
	(\$20,000)	(\$20,000)	
	\$36,000	\$220,000	
AMOUNT OF REBATE	x 2.0% = \$720	\$60,000 \$160,000	x 2.0% = \$1,200 x 3.0% = \$4,800 \$6,000
